# SUBJECT INDEX

## Volume 115 (JANUARY-JUNE, 1999)

- Abdomen, pain, right upper quadrant, a 32-year-old pregnant woman with malaise, headache, nausea, facial swelling and, 1729
- perioperative management of the patient with cancer, May Supp., 165S-171S
- surgery, preoperative assessment of pulmonary risk, May Supp., 58S-63S
- Abscess, lung, factors predicting mortality of patients with, 746
- Absorptiometry, dual energy x-ray, body composition analysis by, and exercise performance in underweight patients with COPD, 371
- Academic medicine, translational research is hurting, 311
- Accidents: See Trauma
- ACCP medical personnel services: See College, ACCP medical personnel services
- ACCP-SEEK board review question of the month, a 50-year-old woman with gradual deterioration of oxygenation after lung transplantation, 267
- a 32-year-old pregnant woman with malaise, headache, nausea, right upper quadrant abdominal pain, and facial swelling, 1729
- a 27-year-old homeless man with mental obtundation and a metabolic acidosis, 1447
- Accreditation, laboratory-clinical interface: point-of-care testing, 1140
- Acid-base equilibrium: See pH
- Acid perfusion, critical review of the studies of the effects of simulated or real gastroesophageal reflux on pulmonary function in asthmatic adults, 848
- Acidosis, metabolic, a 27-year-old homeless man with mental obtundation and, 1447
- persistent gastric intramucosal ischemia in patients with sepsis following resuscitation from shock, 1390
- Acinetobacter baumannii*, infections in the ICU: customization is the key, 1226
- nosocomial pneumonia, multi-drug-resistant, risk factors for an outbreak of, among intubated patients, 1378
- Acinic cell carcinoma of the lung with metastasis to lymph nodes, 591
- Acquired immunodeficiency syndrome: See also HIV infections;
- performance of an algorithm to detect *Pneumocystis carinii* pneumonia in symptomatic HIV-infected persons, 1025
- pulmonary malacoplakia associated with *Rhodococcus equi* infection in a patient with, 889
- related *Pneumocystis carinii* pneumonia, relation between physician experience and patterns of care for patients with: results from a survey of 1,500 physicians in the United States, 1563
- Acupuncture, complementary/alternative medicine for asthma: we do not know what we need to know, 1
- Acute respiratory failure (ARF): See Respiratory failure
- Acute sickle chest syndrome: See Sickle chest syndrome
- Adenocarcinoma, lung cancer in patients < 50 years of age: experience of an academic multidisciplinary program, 1232
- resected, histopathologic prognostic factors in: is nuclear DNA content prognostic? 1018
- Adenosine triphosphate, supply-demand imbalance, sympathetic nervous response relative to, during exercise is augmented in patients with heart failure, vol.114:1295-1300; erratum, 1485
- Adhesion molecules, value of ICAM-1 expression and soluble ICAM-1 level as a marker of activity in sarcoidosis, 1059
- Admissions: See Hospitals
- Adolescence, long-term cardiovascular safety of salmeterol powder pharmacotherapy in adolescent and adult patients with chronic persistent asthma: a randomized clinical trial, 642
- Adrenergic  $\alpha$  agents,  $\alpha_1$ -adrenergic hypothesis for pulmonary hypertension, 1708
- Adrenergic  $\beta$  agents: See also Albuterol; Bronchodilators; names of other specific  $\beta$ -adrenergic agents; comparison of 2.5 vs 7.5 mg of inhaled albuterol in the treatment of acute asthma, 92
- effect of heliox on nebulizer function using a bronchodilator, 184
- effects of inhaled bronchodilators on pulmonary hemodynamics at rest and during exercise in patients with COPD, 376
- is  $\beta$ -adrenergic-mediated airway relaxation of salmeterol antagonized by its solvent xinafoic acid? 1678
- safety of long-term treatment with HFA albuterol, 945
- Adrenergic  $\beta_2$  agonists, bolus of inhaled budesonide rapidly reverses airway subsensitivity and  $\beta_2$ -adrenoceptor down-regulation after regular inhaled formoterol, 623
- bronchodilator therapy in status asthmaticus, 911
- effects of, on airway hyperreactivity in subjects with cervical spinal cord injury, 1533
- efficacy of salmeterol xinafoate in the treatment of COPD, 957
- emerging role of leukotriene antagonists in asthma therapy 313
- inhaled beclomethasone dipropionate reverts tolerance to the protective effect of salmeterol on allergen challenge, 629
- the 1997 asthma management guidelines and therapeutic issues relating to the treatment of asthma, 210
